WARRANT FOR ANNUAL MEETING
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Amherst in the County of Hillsborough in said State, qualified to vote in Town Affairs. Polls to close at 12 o'clock.

You are hereby notified to meet at the Town Hall in said Amherst on Tuesday, the twelfth day of March, next, at eight of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will vote to give the Selectmen and Town Treasurer authority to borrow money in anticipation of taxes.

4. To see if the town will vote to raise and appropriate the sum of $25.00 for a sign printed Town Hall, Amherst, N. H., and placed on the outside of said building in a conspicuous place.

5. To see if the town will vote to raise and appropriate the sum of $300.00 to gravel and tar Jail Avenue.

6. To see if the town will vote to raise and appropriate the sum of $500.00 to gravel and tar Milford Street at Baboosic Lake.

7. To see if the town will vote to raise and appropriate the sum of $150.00 to repair and paint the Town Hall roof.

8. To see if the town will vote to raise and appropriate the sum of $100.00 to repair the Library roof with the understanding that if the repair work cannot

be guaranteed the entire amount is to be placed in a fund to be used toward a new Library roof.

9. To see if the town will vote to raise and appropriate the sum of $1915.00 to be expended on the Baboosic road and the State will contribute $1915.00.

10. To see if the town will vote to appoint a committee of three citizens to serve as Park Commissioners.

11. To see if the town will vote to allow discount on taxes.

12. To see if the town will vote to discontinue the cross driveway between the two black roads in front of Mr. Knight's house.

13. To see if the town will vote to accept the road on the south side of Camp Judea leading from the main highway to the gate on the road leading to the cottages on the north end of Baboosic Lake.

14. To see if the town will vote to give the Selectmen authority to draw money from the oiling account for T. R. A. if T. R. A. is available the amount designated by N. H. Highway Commissioner.

15. To see if the town will vote to raise and appropriate the sum of $500.00 towards remodeling the kitchen in the Town Hall building, and to accept such personal contributions as have been or may be offered for this purpose; and vote to instruct the moderator to appoint not later than May 1st, 1946, a committee of seven, one of whom shall be a Selectman, one a member of the Ways and Means Committee, to supervise the remodeling of the kitchen, and to look into the matter of further repairs and improvements to the Town Hall building and to report and make recommendations with estimates of costs to a future town

meeting; such meeting to be not later than the annual town meeting for 1947.

16. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-fifth day of February, in the year of our Lord nineteen hundred and forty-six.

RALPH C. BILLS,
ERNEST H. PEASLEE,
MERIC G. ARNOLD,

Selectmen of Amherst.

Auditors for Town of Amherst.

ANNUAL REPORT OF AMHERST TOWN LIBRARY

Herewith is presented the sixty-sixth annual report of the trustees and the librarian of the Amherst Town Library from January 1 through December 31, 1945.

With the exception of July and August the board met monthly to act upon the reports of the librarian and the secretary-treasurer and to transact any other business relative to running the library. Mr. Charles Prior, later succeeded by Doctor LeBosquet, presided as chairman at the meetings. A complete list of the six trustees is given in the front of this Town Report with the other town officers.

It was with genuine regret that the board learned of the resignation of Mr. Prior whose practical advice and thoughtful help have been of real value for the past four years. The board feels that a worthy successor was appointed by the selectmen in Mr. Cleaveland Campbell whose interest and generosity toward the library have been noted and appreciated.

The trustees believe that the town has been unusually fortunate in having Mrs. W. F. Addison of Milford as librarian for the past fourteen months. Her conscientious attention to the work as well as her special training assured efficient management. We felt at quite a loss when she resigned since her husband has accepted a pastorate in New Jersey. Mrs. Henry J. Cote, a graduate of the University of New Hampshire and a newcomer to our town, has been chosen to replace Mrs. Addison.

The board calls your attention to the financial report, with special emphasis on such fixed items as salaries, fuel, house and grounds, and lights, all of which have increased fifteen to twenty-five per cent in the last few years. The American Library Association recommends as an appropriation a minimum of one

dollar per inhabitant. That means that the total income should be nearer $1200.00 than $900.00. It is true that the Day Fund will bring in an additional $150.00, but the amount from fines, gifts, and sale of books has never previously exceeded $60.00; moreover, the fence is badly in need of painting, the roof has several elusive leaks for the past three years which casual attention has not repaired, and we are never able to purchase as many books as we should like. The board requests the town to increase the $600.00 appropriation to care for increased expenses and necessary upkeep as well as to assure the townspeople of a growing, up-to-date library.

Respectfully submitted,
DOROTHY J. DAVIS.

DOROTHY J. DAVIS.

ANNUAL REPORT OF THE LIBRARIAN

If one word were to be used to describe the outstanding feature of the library during the past year that word would certainly be Activity. During the period January 1, 1945, through December 31, 1945, sixty-nine (69) new patrons have been registered, four (4) names of patrons have been discarded, so that the present number of patrons is four hundred fifty-two (452). Approximately one hundred eighty-two (182) persons constantly use the Library regularly week after week. In turn the circulation of books and magazines has increased and is largely due to the increased circulation of books and magazines by boys and girls. This may not seem to be indicated in the record of Juvenile books read, but one should remember that many books which older children read are actually classified as adult books. This activity is especially noticeable on Wednesday afternoons when school is in session.

Not only the borrowers have been active, but also the Librarian, who has tried to get the Library in better order professionally. Many thanks are due Miss Bertha Piper, who has given most generously of her time and effort in helping with the furthering of this work.

During the year two hundred and twenty-seven (227) books have been accessioned to the Library. Of

these one hundred four (104) have been classified as Adult Fiction, seventy-five (75) as Adult Non-fiction, thirty-eight (38) as Juvenile Fiction and seven (7) as Juvenile Non-fiction. One hundred eleven (111) of these books were donated to the Library. The Library has subscribed to twenty (20) magazines during the year, and nine have been given regularly.

Gifts of books, magazines, or money have been given by Mrs. Eleanor Almond, Mrs. Fay Andrews, Mrs. Norwin Bean, Mr. Ernest G. Brigham, Miss Pauline Brine, Mr. Harold L. Bruder, Mrs. Alice E. Burton, Mr. Cleaveland J. Campbell, Miss Alice Converse, Mrs. Bette Davis, Mrs. Harold Eastman, Miss Ethel Emerson, Mrs. Willis T. Fisher, Mrs. Harry B. Gore, Miss Judith Hall, Mrs. George Harding, Gordon Hayward, Mr. Herbert Hixon, Mrs. Elizabeth Huntington, Dr. John LeBosquet, J. Arnold McLane, Mrs. Ernest Peasley, Miss Bertha Piper, Mr. Charles F. Prior, Mr. Edward Romney, Mr. Arthur Rotch, Mrs. I. D. Smith, Miss Honora Spalding, South Bend Lathe Works, Mr. Charles Tracy, and Mrs. Mary Willis.

The circulation has been as follows:

Adult fiction	3275	Juvenile fiction	1535
Adult non-fiction	852	Juvenile non-fiction	358
Adult magazines	2114	Juvenile magazines	185
Adult total	6241	Juvenile total	2078

Grand total circulation 8319

The largest circulation was during November when almost one thousand (1,000) was reached, and the lowest circulation was during April.

Forty (40) books have been discarded, and three (3) books have been lost; two of these were paid for by the borrower.

There has been a large increase in the number of books borrowed from the New Hampshire State Library. This year the total borrowed was eighty-two (82).

One hundred thirty-three dollars and seven cents ($133.07) was received from fines, gifts, sale of books, registration fee, postage for N. H. State Library books, and for lost books.

Fourteen dollars and three cents ($14.03) was spent for postage, repairs on typewriter, and supplies.

One hundred nineteen dollars and four cents ($119.04) was paid to the Treasurer by the Librarian for her Librarian's Account.

The Librarian attended the two day session of the Annual Meeting of the New Hampshire Library Association at Laconia and at that meeting was elected Secretary of N. H. L. A.

The Librarian regrets that she has had to give her resignation to the Trustees of the Library and hopes that the Amherst Town Library will continue as an active agency for adult and juvenile education as well as for pleasure received from reading good books.

Respectfully submitted,
FLORENCE P. ADDISON.

We hereby certify that we have examined the foregoing accounts and find them correctly cast and properly vouched.

ORSON H. BRAGDON,
GEORGE H. HOWARD,
Town Auditors.

SEXTON'S REPORT

1945 we might call one of the wettest seasons in a number of years. No time through the summer was there any dryness to burn lots. The cemeteries were a beautiful green, the flowers showed the benefit of the moisture which was unusual in our sandy soil.

Mentioning the flowers, your Sexton tried to keep an account of the flower garden. Although not exactly accurate, as there were innumerable ten minutes to other small time labor that was used to fill in the day, it amounted to around $75.00. Although people are pleased with the idea, your Sexton would like to know if the taxpayer wants it continued.

Many of the new lots are sold. Your Sexton has made up the remaining lots. The Town will be confronted again in a very few years with that problem of more land. There is another restriction on the land in back of the new part. The house that creates the restriction I understand can be bought. Your Sexton would suggest the Town buy the property, remove the restriction and re-sell the same to keep said land clear when a possible purchase is desired. This is important.

CLARENCE H. HAGAR,
Sexton.

Warrant for Annual School Meeting
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Amherst, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 12th day of March 1946, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see how much money the district will raise and appropriate for insurance on school property.

10. To see what action the district will take rela-

tive to a Commercial Course at the High School and to raise and appropriate sufficient funds for said course.

11. To see how much money the district will raise and appropriate for special repairs and alterations of school property and for new equipment.

12. To see if the district will authorize the School Board to enter into transportation contracts for three year periods if found advantageous to the welfare of the district.

13. To transact any other business which may legally come before said meeting.

Given under our hands at said Amherst this 4th day of February 1946.

ARTHUR L. UNDERWOOD,
CEVIE M. WESTON,
School Board.

CERTIFICATE

This is to certify that the information contained in this report was taken from official records and is complete and correct to the best of our knowledge and

belief. The accounts are kept in accordance with Section 24 of Chapter 82 of the Revised Laws of New Hampshire (Commissioner's Report 1941), and upon forms prescribed by the State Tax Commission.

CHARLES F. PRIOR,
ARTHUR L. UNDERWOOD,
CEVIE M. WESTON,
School Board.

HAROLD C. BOWLEY, Superintendent.
July 3, 1945.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Amherst, New Hampshire:

I herewith present my seventh annual report, the twenty-seventh in the series.

Teacher Changes

As a list of teachers for the present year is included elsewhere, I will discuss only the changes since the last report. Seven changes have occurred. Mr. Dolan was released when he could not obtain a teaching credential and Mr. Charles Tracy was persuaded to come back under a somewhat curtailed schedule. Miss Marr took a position in a Junior College and Miss Miriam Roby of Marlboro was hired to take her place but with some subject changes. Mr. Tracy did not feel able to continue so Mr. Robert Bedell of Lowell, Mass., was chosen as his successor. Miss Charter declined re-election and Mrs. Mildred Walker of Hollis was employed in her place. Early this Fall Mrs. Walker was taken ill and could not continue. It was quite a while before any solution of that vacancy could be worked out. We had two or three substitutes and finally got Miss Boutelle to take the 5th and 6th grade room while Mrs. Mary McGee of Milford took over the work of the 3rd and 4th grade room. The last change involved the Headmastership with Mr. Googins resigning to take a very lucrative position in Connecticut. After a rather extended period, devoted to canvassing the field for candidates, Mr. Frederick A. Small of Merrimac, Mass., was selected to head the school. It so happens that every replacement was made with a teacher of experience, by former teachers returning to the work from private industry, from the Armed Service, or from retirement.

So many changes over a short period of time do not

make for efficiency. I trust that the occasion for so many changes again is remote.

You and Youth

We are told that juvenile delinquency is on the increase. We hear of trouble here and there which concerns boys and girls. We adults are in the midst of trying times; likewise so are the youth. We are fortunate to live in a section not particularly hit by this delinquency. Therefore, lest we be affected, we need to "take stock" and examine our problems.

I have worked with and for youth for a good many years. Naturally I believe in them and have confidence in them. I therefore feel competent to offer a few suggestions.

Youth needs guidance and not all of that should come from the school or church. They need the genuine interest of their parents. Some send their children to school, others bring them. The latter are there with their young people and know what their problems are and help to solve them. Naturally the results are going to be more satisfactory. Young people need something to do and let it be largely within their interests. Parents may need to give up a movie or card party themselves in order to plan activities which would keep their youth doing something worthwhile. Without doubt the best any parent can do for his child is to set the right example. Since youth are growing up and emulate some pattern of adulthood, right example refers to interest shown by parents and others in worthwhile pursuits, to setting a good behavior pattern and to influencing good morals. The greatest obstacle to a successful youth training program today is the lack of appreciation on the part of elders that the power of example is still a very potent force.

In order to make a good school better, I urge every parent and friend of youth to consider and act upon

these suggestions. Youth is not all bad, not all "going to the dogs." All I urge is an intelligent analysis of their problems and a wise parents' interest in their successes.

Teachers' Salaries

I have had so much to do with this problem of finding teachers for the past five years or more that I find myself spending the majority of my time on that phase of the work. Other duties of importance have been neglected as teachers must be provided. I am concerned with the progress of each and every pupil. I should give some time to market conditions for the purchase of school materials. I would like to know the new things that come into our profession. But, alas, I find much has to be set aside in favor of locating a new teacher or a substitute. I know the situation is not peculiar to this Union, for my colleagues are doing the same. Naturally one turns to salaries as a reason.

I trust the majority of you have read the article about Teachers' Salaries which was printed in the October issue of the Readers' Digest. It called the salaries paid teachers a National Disgrace. You should read the comparisons set forth in the article. I tried to follow it up and found the following comparisons from other sources: In 1943—latest figures available—the average annual earnings of full-time employes in private industry were $2026 while the earnings of public school teachers, principals and supervisors, averaged $1599. Average annual earnings in Agriculture, Forestry and Fisheries $836, in Mining $2161, in Contract Construction $2505, in Manufacture $2349, in wholesale and retail trade $1802, in Finance, Insurance and Real Estate $2065, in Transportation $2489, in Communications and Public Utilities $2074, in Services $1355. All of this last group of figures are included in the average of $2026 mentioned above. While teachers are better educated and have more responsibil-

ities, their average salary is about $500 less than the average salary paid in private industry.

At the same time that we make these comparisons, I want to call your attention to the fact that the vast majority of teachers stuck to their jobs all during the war. At a time when their graduates were going out and earning more money than their teachers and when the temptation was great to take a war job, these teachers stood fast and kept their posts so that the children might not suffer. My tribute goes to them as they deserve it equally with those who served in other capacities.

My plea is that you pay the teachers just as much as you possibly can. I hope that the pay will be attractive enough so that more of your own young people will want to train for a teaching career. You can not expect to equip your schools with good teachers unless some local young people train for teaching. While your son or daughter may not be employed here, he is successful in some other community and a resident of that town succeeds here.

Recommendations

If there is any repair money available at the close of school in June, I suggest it be used for interior painting, together with a part of the new appropriation. To me, it is important to do a little each year rather than all in one tax year.

Tributes

I appreciate the helpful attitude of the School Board, the faithful work of friendly teachers and the good will of your citizenry.

Very respectfully,

HAROLD C. BOWLEY,
Superintendent of Schools.

February 9, 1946.

STATISTICS FOR 1944-1945

Average number of half-days in session	350
Whole number of different pupils registered:	
Girls 88; Boys 94; Total	182
Enrollment by grades: I-12; II-19; III-16; IV-23; V-17; VI-19; VII-23; VIII-17; IX-13; X-11; XI-6; XII-6; Total	182
Average daily attendance in high school for year	29.92
Per cent of attendance in high school for year	93.44
Average daily attendance in elementary schools	118.05
Per cent of attendance in elementary schools	92.96

Number of children attending high school outside of district °	7
Number 5 to 8 years of age not attending school	11
Number 8 to 14 years of age not attending school	1
Number 14 to 16 years of age not attending school	1

(° Not at expense of School District)

REPORT OF HEADMASTER

To the Superintendent of Schools, Harold C. Bowley; the Members of the Amherst School Board, and the Citizens of the Town of Amherst:

Herewith is submitted the annual report of Amherst High School and Village School, grades seven and eight.

Registration figures February 1, 1946, were: Grade 12–3; Grade 11–8; Grade 10–9; Grade 9–15; Grade 8–16; and Grade 7–17. These figures represent a slight increase over those of a year ago. Elementary school registration indicates that the next few years will continue to show more pupils per grade in the high school.

Subjects offered this year in the high school are: English, history of civilization, modern European history, Latin I, economic geography, junior business training, general mathematics, algebra, geometry, chemistry and sociology.

Your Headmaster recommends that the scope of the curriculum be extended to include two years of French, one year of physics, two years of bookkeeping, two years of shorthand, two years of typewriting, and one year of advanced mathematics. The addition of these subjects to our present course of study would allow a pupil to elect for four years either a college preparatory course of a liberal arts nature, a commercial course or a general course. The professions and industries of today demand—and get—specialists. I believe our high school can best serve society and more nearly meet the individual pupil's need by equipping him, the pupil, with the best "kit" possible of specialist's "tools." Such an expansion as indicated would necessitate the hire of a commercial teacher and the purchase of typewriters, business texts and physics equipment for laboratory experimentation.

Periodic examinations have been held by the School Physician and Nurse. The "Patch Test" for tuberculosis was given to those pupils whose parents so requested.

Milk is available at two cents per day to any pupil who desires to purchase.

Although the war is now over, we are continuing, at the request of the United States Treasury Department, voluntary pupil purchase of government bonds and stamps. The value of economy and saving cannot be emphasized too much or too early in a young person's career.

The sports program has consisted of organized basketball for both boys and girls. Weekly classes in gymnasium and the gym theory are a part of the school program. The gym theory classes attempt an indoctrination in first aid, physical and mental hygiene and explanations and demonstrations of the various sports and games. A meeting of Headmasters and pupil representatives from the various surrounding towns is scheduled to convene in Amherst some time this spring to organize a permanent league for basketball and baseball and to arrange a series of field meets for both boy and girl contestants.

It is regrettable that adequate gymnasium facilities are not available in Amherst for home basketball games. The fact that our games were all played away increased transportation charges, eliminated a source of revenue in way of "gate" receipts and prevented many of the local supporters from seeing their boys and girls in action.

Several school dances, suppers, skating parties and a public speaking contest are on the social calendar for this school year. The "Broadcaster" will be published and ready for issue on or about April 15.

The Ampro movie projector has proved to be of great value. The visual approach to education is mod-

ern and produces gratifying results. Some fifty films dealing with topics scientific and historical have been shown.

I wish to thank the School Board members, the Superintendent of Schools, the School Faculty and the Citizens of Amherst for their cooperation and loyalty during the school year.

Respectfully submitted,
FREDERICK A. SMALL,
Headmaster.

Amherst, N. H., February 7, 1946.

REPORT OF HEALTH SUPERVISION, 1944-1945

Dr. Oscar Burns, Examiner
Esther E. McCormick, R. N., School Nurse

Number of children examined 159

The following defects, treatments and corrections were reported.

	Defects	Treatments	Corrections
Underweight	3		
Defective Vision	13	10	7
Anaemia	1		
Cardiac Disease	2	2	
Pulmonary Disease	1	1	
Deformity (Orthopedic)	6	2	
Defective Teeth	62	62	
Diseased Tonsils	25	12	9
Enlarged Glands	2		

Parents were informed of all the above cases.

Diseases reported:

Measles	3
Mumps	9
Skin Diseases	1

Report of Dental Clinic:

No. pupils examined by dentist		76
No. pupils treated by dentist		62
No. receiving complete treatment		62
No. receiving free care		7
No. paying full cost		52
No. paying part cost		4
No. receiving dental certificate		62
Total No. cleanings		56
Total No. extractions		47
Temp. extraction	42	
Perm. extractions	5	
Total No. AZ fillings		105

Total No. silver fillings	39
Total No. porcelain fillings	26

Respectfully submitted,

ESTHER E. McCORMICK,
School Nurse.

Of the Deaths of Amherst citizens in 1945, the remains of nine were carried out of town—two for cremation.

Seventeen remains were brought from away and buried in this town.

Of the Deaths recorded for 1945, 2 were between 90 years of age and 100; 8 between 80 and 89; 10 between 70 and 79; 6 between 60 and 69; 4 between 50 and 59; and 4 below 50.

One of the most important records of a town is the Vital Statistics, not only for today but for years to come. If everyone would see to it that the records of their own family were fully and correctly filled out on the Birth, Marriage and Death certificates when handed in for filing, it may later be of great use to them or their descendants at some future day and a great help to this office in making out the records of today.

I hereby certify that the foregoing returns are correct to the best of my knowledge and belief so far as the information has been furnished by the reporting person.

HORTON S. ALLEN,
Town Clerk.
